Cleveland Schools FA are looking for new sponsors for the 2019-2020 season. As a non profitable organisation we rely on grants from English Schools FA and school contributions. However, due to the huge programme of football that goes on across the county we are needing to access more funding opportunities.

If you are interested in sponsoring us we will guarantee huge promotion of your business on our social media and website, where we regularly reach 7000 people per week. We will also promote your business via social media with weekly mentions and your company banner and hyperlink will be added to the front page of our website.

Cleveland SFA was formed in 1974 and covers the Middlesbrough, Stockton, Hartlepool and Redcar and Cleveland areas.

The association is responsible for over 300 boys and girls football teams who are involved in competitions across the county from year 4-19

In recent years CSFA has increased from running two to five county representative teams, including two new girls' teams, and it also puts on inter-district and inter-schools competitions for children aged from four to 19.

At least three players have come through the CSFA ranks and gone on to represent both Middlesbrough and England in Gary Pallister, Stuart Ripley and Stewart Downing. Current Boro teenagers Ste Walker and Sol Brynn are among its more recent alumni, while Lily Patrick was recently selected for England U15s, the first female CSFA player to be chosen for her country.

If you are interested in any of the packages below please contact us at clevelandsfa@gmail.com or call our Hon. Sec. Simon Carey on 07971731022 to discuss further.

Yours sincerely

Simon Carey
CSFA Hon.Sec
